Project: Gravity Force, Camberley, Surrey

Gravity Force is an indoor sports and activity facility located in an industrial unit. The 2,500M² facility is interconnected trampolines with angled edges, the trampolines themselves are 1500mm above the finished floor level.

Services Provided

A refurbishment of an industrial unit to accommodate the new installation of trampolines. The change in nature of the building resulted in the following:

- Design work including surveys, calculations and drawings to determine how to modify the existing installations.
- Installing new gas fired warm air heating
- Alterations to existing services.
- De-gassing existing air conditioning systems
- Servicing and commissioning of new and existing plant.
- New provision and installation of sanitaryware

Mechanical & Plumbing Value	£40,000.00
